

ANNOUNCEMENT OF POSITION OPENING

TO: ALL EMPLOYEES
FROM: THE HUMAN RESOURCES DEPARTMENT
RE: POSITION OPENING
DATE: April 24, 2015

Please be advised that **MPS** has immediate openings for **Field Technicians (Laborers)** working out of the corporate offices in Farmington Hills.

General Description:

Field Techs are general laborer that load and unload equipment for the job, setup and breakdown equipment, vacuum hoses, hydroblast hoses, or any other systems and processes for the job, as well as performing daily manual labor in an industrial setting as defined below.

Typical Duties include (but are not limited to):

- Loading equipment and materials for the job.
- Unloading equipment and materials upon arrival to the job.
- Re-loading equipment and materials upon completion of the job.
- Sets up vacuum hose and waterblast hose as directed.
- Performs confined space entry in tanks, pits, or other confined spaces when needed.
- Inspects, uses, and maintains various personal protection equipment including chemical protective suits, respiratory protection equipment, safety harnesses, and air monitoring equipment.
- Uses various manual tools and equipment to affect industrial cleaning operations (i.e., shovels, scrapers, rakes, squeegees, etc.)
- Manually cleans, mucks out and de-sludges various industrial systems, including paint pits, eliminators, dip tanks, process tanks, lagoons, etc.
- Adhere to quality and safety requirements while on the job.
- Performs yard, shop, equipment maintenance, and housekeeping duties as directed.
- Any indicated site-specific responsibilities.

Minimum Qualifications:

- Ability to understand basic equipment operating instructions, safe work practices, commercial and industrial process;
- Must possess a current driver's license;
- Chauffer license a plus;
- OSHA Safety Training a plus;
- Powered Industrial Truck permits desired (i.e., Hi-lo, aerial life, burden carrier, etc.)

Position Reports to: Operations Manager
