**Pre-Requisite Form
Coating Application Specialist (CAS) Level 2 Certification Program – Full Status**

Document Checklist - Your completed packet must be submitted no later than **two weeks** prior to the start date of the course and include the following:

_____ Pre-Requisite Form

_____ Picture for your wallet card (.jpg file named as First_Last.jpg – max size: 2mb)

Send to:

Silvia.Palmieri@ampp.org

Email: prereqs@sspc.org

**Please note: Filling out this form does not register you for the course.
You must pay in full by check or credit card before you are officially registered.**

IMPORTANT!

If prerequisites are not received within 30 days of the completion of the course, students will be required to register for the online recertification exam at the cost of \$250 in addition to submitting the required forms; and will be listed as Training Only students until they complete the necessary certification requirements.

Data Privacy Notice

SSPC is concerned about protecting the privacy of our students. If you pass the course or certification exam, you have the option of having your name and contact information made available on our website via a public search for coatings professionals. You must opt-in if you wish to be included in the search, otherwise your information will not appear.

Please check the appropriate box below:

_____ **Yes** I want my contact information to appear on the SSPC website.

_____ **No** I do not want my contact information to appear on the SSPC website.

Applicant Information

Please list your name as you would want it to appear on your certificate

Customer Account#: _____

Course Date: _____ Course Location: _____

Work Experience

This section is to be completed in reverse chronological order, starting with your most current employer. You may duplicate as many copies of this page as is necessary for complete documentation of your work history.

Related work experience is defined as work as an abrasive blaster and spray painter in an industrial or marine environment. Eligibility is subject to verification.

The following information must be included in your description:

- Type(s) of blasting and painting work performed
- Type(s) of surface preparation equipment used
- Type(s) of coatings applied
- Type(s) of structures worked on

Please note: Supervisory experience is not sufficient.

Training History

Accepted formal training includes:

1. Any In-Person or On-line Training Course. Courses range 8 to 40 hours and can be found at: <https://www.ampp.org/education/education-resources/courses-by-program>.
2. Industrial Coatings trainings.
3. Professional Development or Continuing Education: SSPC, NCCER, IUPAT, FTI application specialist training, college, apprenticeship or trade school courses in the sciences, math, English or equivalent that meet the SSPC Transition Plan Body of Knowledge. The SSPC program administrator must approve any formal training and the candidate must submit the training certificate for the course.
4. OSHA 10 - Occupational Safety & Health Issues Course (10 Hrs) or OSHA 30 (30 Hrs.)
5. Lead Health and Safety Training
6. Documented Supplier Training on equipment operation or application/handling or material
7. Toolbox and other Safety and Health Training
8. Local Shipyard or Local Safety/Council or Chemical/Refinery Plant Training related to coatings
9. SSPC Applicator Training delivered by an Instructor approved to provide the ATT Curriculum
10. If a contractor's Quality Control Supervisor gives a coatings course to his workers, SSPC will accept this. We would need a copy of the course curriculum and the number of hours that the course is.

11. If a certified CAS person teaches a 20 + hour coatings course, SSPC will accept this. We would need a copy of the course curriculum and the number of hours that the course is.

12. Level One – Essentials of Paint and Painting Technology (Certification MPI ACT – MPI Architectural Coating Technologist)
